

LYNNWOOD CHILDREN'S CHOIR

"I don't sing because I'm happy; I'm happy because I sing." – William James

There's something about children singing that puts a smile on my face. I've been singing for almost my whole life, but some of my best memories are from early childhood, singing in my school and church choirs, making music with my friends. I'm so grateful to my parents for giving me those early musical experiences, but also for giving me the tools to be able to enjoy singing as an adult. The vocal technique and sight-singing skills I learned as a child enabled me to get a degree in music education, perform in some of the best choral groups around, and conduct church and school choirs. Now I have children of my own, and I want them to have the same opportunities I did. They may or may not make music into adulthood, but I want to be sure I give them that chance.

My name is Christy Rood, and I'm putting together a children's choir right here in Lynnwood for just 10 weeks. We will practice once a week, beginning October 20th, and will perform at Seed Church's Christmas Eve service on December 24th.
