

Name: _____

Period: _____

M.T.H.S. – Industrial Tech

Mr. S. Carlson

Date: _____

Your Study Plan Title: _____

CONTINUING STUDENT CURRICULUM PLAN CONTRACT

Advanced Contract Introduction: As a continuing student in this course it is important for you to be involved in personal goal setting for your work this trimester. You can accomplish tremendous things in here if you plan early and wisely where you are headed, learning-wise, and then go there.

Advanced Curriculum Plan Grading: Advanced and returning students require a broad set of grading standards. Grading will include the following components:

1. Your Participation Point (SD & P) percentage grade will be at least half of your grade. It is best to be **in class everyday, on time, working all period, and not improperly using the Internet.**
2. Work completed will be the other half of your grade. Industry quality standards will apply and a reasonable quantity of work will be expected. A daily journal would be very helpful.
3. No A's with 6 or more unexcused absences. It is OK to do make-up for participation points "spent" on unexcused absences and tardies. See instructor for make-up details.

Your Main Goal and Supporting General Study Plan: Please introduce your main goal and your general plan for achieving that goal below in several sentences.

Your Finished Product(s): Please describe your finished project(s) below in detail listing the actual units or products that will be included. These are the products that show that you achieved your goal.

Grading Your Finished Product(s): Please describe how your finished project should be graded below. Include the A, B, and C range.

A = _____

B = _____

C = _____

Signature Section: Please obtain the signatures below and date them.

Student Signature: _____ Date: _____

Instructor Signature: _____ Date: _____

Parent/Guardian Signature: _____ Date: _____

Self-Assessment Section: Please self-assess your performance below and indicate what you feel your grade should be. Also include at least 5 listed reasons supporting your self-assessed grade.

Self-Assessed Percentage = _____ Self-Assessed Grade: _____

Support Statements:

1. _____

2. _____

3. _____

4. _____

5. _____
