

The lunch buddy program is really simple but has such great rewards.

After a background check and interview an adult buddy is off and running to be matched with their little buddy.

The initial meeting, with the two buddies, may include introductions and a discussion about which time and place works best for future meetings.

From then on the buddies meet for an hour between 11:30 to 12:30 on the arranged day in the Intermediate Flex Space. The buddies have lunch, talk and are welcome to play a game, create artwork, read or just hang out. This is a special time for the little buddy to have a person who is there for them.

As one of our lunch buddies says, "It is so easy, I just have to ask a question to my buddy and off he goes, engaging in conversation."

Please consider being a lunch buddy at Westgate Elementary!
